

SOF-601 F24 – Self-Learning (1)

Self-Assessment Activity

Name: (Win) Thanawin Pattanaphol

Student ID: 01324096

Evaluation

80 / 100

Explanation

I am very satisfied with my ability of self-learning as in the past semester, I was able to grasp the new concept of Blockchain, Self-Sovereign Identity, and other technological concepts. I was also able to use the resources provided by CMKL such as the O'Reilly library with a wide range of books and resources on the subjects that I am interested about of a subject that I am currently studying for. The resources along with my motivation to acquire and learn new skills and concepts really helped me to get through the URD project as well as many individual work.
